

## **Are you living with Haemophilia A?**

**Auckland Clinical Studies (ACS) is looking for volunteers to help study a potential new treatment for congenital Haemophilia A**

To take part in this study you will need to:

- Be male, aged 18 to 75 years
- Have a diagnosis of congenital Haemophilia A
- Be in good health or have other medical conditions that are well controlled.

You cannot:

- Have any other known coagulation or haematologic disorders
- Be taking medication to suppress the immune system

The study involves:

- 2 clinic visits, and a follow up phone call
- All study participants will receive the investigational drug (no placebo)
- You will be reimbursed for attending study visits and for reasonable travel expenses

**For more information and to see if you may be eligible, phone 0800 STUDIES (0800 788 3437) extension 105 or 157 to speak with one of our team, or apply online by visiting [www.clinicalstudies.co.nz](http://www.clinicalstudies.co.nz) and follow the links to our 'Register interest/Register now' page**
